Tips for a great application packet:

The ISP Scholarship is awarded to students who demonstrate strong academic and leadership abilities at Highline College. In evaluating applications, the scholarship committee wants to see students who earn excellent grades in challenging courses, make an impact in their classes and on the Highline campus at large, and are motivated to succeed in meeting their education and career goals. All application materials are equally important.

Personal Statement

- Make sure you answer the question.
- The personal statement should NOT be a list of your achievements.
- Be creative! We read too many personal statements that say, "College is too expensive for international students in America. I want to help my parents pay for my education so I am not so dependent on them." You must be more creative than that. Who are you? What are your goals and dreams? What makes you stand out?
- You should never write negative statements about yourself or your abilities.
- Be positive! Tell us why you are GREAT! What makes you special?

Extracurricular Activities Resume

- Please list and explain all significant activities, leadership positions, accomplishments, awards, and volunteer experiences. Please emphasize those you have done while attending Highline.
- Be involved on campus! If you have a 4.0 but you have not participated in any activities, you will probably not win the scholarship. Being a well-rounded person with varied interests and activities is essential.
- The committee is looking for students who participate regularly in activities and take leadership roles.

Transcript

- GPA is not enough. We take into consideration the difficulty of classes that you've taken to earn your GPA. For example, a 3.4 in Calculus or Business Law is more impressive than a 4.0 in Yoga.
- We consider all of the materials in your application – we do not simply choose the highest GPA.
